Af- ter- word

Thank you for picking it up
This is my first collection from Yuri Hime-san
Hello And to any new readers, it's nice to meet you I'm Himawari Souya
BOW
Ooh, I want to draw some too!
I used to read yuri parody doujinshi way back when.
I started drawing yuri because a friend of mine was invited to draw a story for the now-defunct Yuri Shimai
I'm sorry I'm sure I'd sully the magazine
I shouldn't have asked...
But please don't get your hopes up
Okay
Oh I'll speak with the head editor of Yuri Shimai, then...
Huh?
Apparently it was an inconvenience
I asked my BL editor about it
A lot of them are perverted scenarios though...
And I like characters with light, wavy hair! ♥
And yet, thanks to all that, they let me draw enough stories to fill up a whole collection!
There's a variety of things in here, from old to new, but I just hope you'll enjoy it ♥
